

Problem Solving (A3) Report

1. Identify a Problem	PLAN
ASK: <ul style="list-style-type: none">Streaming platforms are limited, they don't have all the content. Exclusivity of streaming platforms and even by region obligates you to have to subscribe to more then one platform, ending in wasting more money. Some of those platforms have a free option but gives you ads that can ruin the experience. Having a specific type of media and all its content in one place can make more comfortable for all people.	
2. Set the Target	PLAN
ASK: <ul style="list-style-type: none">The first milestone is to have a nice-looking web application in which would be ready to have uploaded media, and have it ready for sometime of the semester.	
3. Analyze the Causes	PLAN
ASK: <ul style="list-style-type: none">Multimedia companies are greedy, they don't care about the consumer, and want to make money disadvantaging the people that pay for their services.	

Topic: Media distribution

Date: 8/19/2020
Name: Anthony Van Rivera

4. Propose & Implement Countermeasures	PLAN/DO
ASK: <ul style="list-style-type: none">We can make a platform that have an specific type of media with want to attach on and upload all variety of that exact media. We could start with an easier media like music, and gradually add other types of medias, like movies and series.	
5. Check/Evaluate	CHECK
ASK: <ul style="list-style-type: none">We still even haven't considered this idea.	
6. Act and/or Standardize	ACT
ASK: <ul style="list-style-type: none">Same as 5
